TRADE MARK

AUDUBON NURSERY

Wilmington, N. C.

FOR NURSERYMEN AND DEALERS ONLY

CONDITIONS OF SALE

A certificate of Nursery Inspection attached to all shipments.

FUMIGATING—All shipments fumigated with Hydrocyanic Acid Gas when State laws or customers so require.

PACKING at actual cost.

All orders taken and accepted by the AUDUBON NURSERY are subject to the condition of crops or short supply beyond their control.

PAYMENT—All orders should be accompanied with cash in the form of DRAFT, CHECK or MONEY ORDER. Owing to the difficulty in collecting accounts no order will be attended to unless accompanied by remittance from parties unknown to us or those whose accounts remain unsettled.

All bills are due the first of the month following shipment.

RESERVING ORDERS—When purchasers desire these to be reserved for one month or longer they must pay at least one-third of the purchase price.

RATES—Forty of one kind at the rate of 100, 250 at 1000 rate.

OUR RESPONSIBILITY—All goods travel at purchasers' risk and cost.

All plants are carefully labeled and in case of mistake on our part we hold ourselves prepared to replace, on proper proof, all that may prove untrue, or to refund the amount paid therefore, but at no time should we be held responsible for a greater amount than the original purchase price of the plants.

All plants offered in this price list are grown in our own Nurseries.

ERRORS—All claims must be made within five days after receipt of goods; otherwise they will not be entertained.

While we exercise the greatest care to have our plants pure and reliable, they are sold without any responsibility, expressed or implied, in respect to the crop. If the purchaser does not accept the goods on these terms they must be returned to us at once and money paid us for them will be refunded. Their acceptance will be taken as proof that they are satisfactory.
